CUB SCOUT DAY CAMP

Day Camping - Fun for 2012

Bring your adventure gear

All adults and youth attending Cub Scout Day Camp should bring a non-refrigerated bag lunch, water bottle, hat, rain gear, and backpack (also swim trunks and towel if swimming is offered at the camp selected). Dress for the weather because camp activities are held rain or shine. Wear sturdy shoes for play and sports activities, but do not have your Cub Scout wear sandals, water shoes, or other open-toed footwear. You should leave the following at home: cameras, pocketknives, video games, music players and other similar expensive items. Each Day Camp participant is given a camp T-shirt to wear every day to camp.

Help make the adventure happen

Staff positions available include den leaders, sports leaders, game leaders, nature leaders, health officers, Pixie leaders, before and after care leaders, and program leaders. If you are interested in helping, please contact the Day Camp director for the camp you are planning to attend (visit www.minsitrails.com/camping/cubscouts/daycamp for more information). Parents/guardians who commit and work a full week will receive a discounted registration fee for their Cub Scout.

Cub Scout Day Camps are conveniently located with nine different camps throughout the area.

Our camps offer before- and after-camp care to help accommodate working parents.
